

PoolPlays® Lottery Pools

Sample Brochure

PoolPlays® Lottery Pools 10 More Chances to Win for Only \$2

For every Powerball play you buy, you can get into a lottery pool of 10 more plays for only an extra \$2.

You own 10% of any prizes from your lottery pool and 100% of any prizes from your personal plays. For each prize share under \$1, you win more shared plays.

If you buy 5 or more personal plays, you can get up to 10 lottery pools for only \$2 per pool.

SAMPLE TICKET

Your personal play
(Buy 1 or More – Quick Picks or your own numbers)

PoolPlays
Your pool of 10 shared plays for an extra \$2

(You can buy 1 Pool for every personal play you buy)

See other side for more details.

FAQs

PoolPlays®

(Please read the other side first)

HOW DO I ORDER LOTTERY POOLS?

You order just like you do now at any lottery retailer. Your personal plays can be Quick Picks or you can pick your own numbers. Lottery Pools are always Quick Picks. When ordering, just tell the Lottery Retailer how many Powerball plays and pools you would like. For example, "Please give me 3 Powerball plays and 2 pools." If you hand a play slip to the Lottery Retailer with your own numbers, just make sure you also tell them how many lottery pools to add.

CAN I ADD A POWER PLAY OPTION?

Yes. You can get a Power Play option on your personal plays, but not on the pools.

IF I BUY MULTIPLE POOLS WILL I BE IN DIFFERENT POOLS?

You can purchase up to 10 pools at the same time, as either a single order or multiple consecutive orders adding up to 10 or less, and there will be no duplication of any pools.

CAN I PURCHASE POOLS IN ADVANCE?

Yes. You can order up to 20 drawings just like you do now.

HOW DO I CLAIM MY POOLING PRIZES?

Each person in the pool has their own ticket so you would claim any prizes just like you do now.

Match	Powerball Prize	Your PoolPlays® Prizes
5 numbers plus the Powerball	Jackpot	10% of Jackpot
5 numbers	\$1,000,000	\$100,000
4 numbers plus the Powerball	\$50,000	\$5,000
4 numbers	\$100	\$10
3 numbers plus the Powerball	\$100	\$10
3 numbers	\$7	6 new shared plays
2 numbers plus the Powerball	\$7	6 new shared plays
1 number plus the Powerball	\$4	3 new shared plays
The Powerball only	\$4	3 new shared plays
Overall odds of winning with a single Powerball play - 1 in 25.		
Overall odds of winning with a pool of 10 shared plays - 1 in 2.5
